DECIDED TURN FOR BETTER IS SEEN

St. Louis Federal Reserve Bank Has Optimistic Report For Month's Business

(By Associated Press)

St. Louis, Mo., May 31—Returns from questionnaires addressed by the Federal Reserve Bank of St. Louis to leading business interests throughout the district indicate that there has been decided change for the better during the 30 days ending May 20, according to the monthly statement of business conditions given out here today by the bank. The improvement affects both the volume of transactions and sentiment, it was stated.

"In all branches of activity notable strides have been made in the direction of normal," says the report, "and there seems to be more confidence in values and the future of business than at any time in more than 18 months—this confidence manifested in a disposition to deviate somewhat from the recent practice of purchasing only enough for immediate requirements on the part of merchants and among agriculturalists to enter with greater enthusiasm upon the tasks incident to heavier production of crops and livestock."

All sections of the district have participated in the improvement says the report, but the typical grain areas appear to be making the most notable progress. In such areas, spring operations are under way and the prospect is for a considerably larger acreage of cereals than a year ago, with the exception of oats. Purchases of farm implements are reported considerably heavier than a year ago.

The outlook for fruit throughout the district is described as "magnificent," as contrasted with the 1921 season. Shipments of ground fruits such as strawberries are in "formidable proportions." The Arkansas strawberry crop is said to be the largest on record, with the Southern Missouri crop proportionately as large. Arkansas and Tennessee berries were selling at \$5 to \$7 a crate when the report was completed.

Retail agencies report increasing distribution of commodities. Reports from stores in the country and small towns tell of better trade.

Increased manufacturing activity is reflected in better markets for raw materials. Purchases of pig iron and scrap are larger than at any similar period since 1920. Chemical makers report a better demand. The old business has developed renewed life and producers of fire clay products are reported feeling the effect of increased smelting operations in the demand for fire brick.

Price changes and movements during the period reviewed are reported as relatively narrow except in seasonal goods.

There has been considerable irregularity in the fuel market, due to the coal miners' strike, but on the whole the situation is reported as calm and to date no one appears to be suffering the least inconvenience from the coal strike. Coal prices have fluctuated frequently over a wider range and the demand for steaming sizes is by no means urgent. Mines in the district still have a large number of unconsigned loaded cars and there have been shipments in fair volume from Kentucky and other fields. Reserve stocks are being drawn on rather heavily, but in many instances consumers are replenishing and adding to their piles.

The production of soft coal is increasing (the total output for the sixth week of the strike May 8-13, indicating a gain of nine percent over either of the two weeks immediately preceding). Supplies of coke are ample for all immediate needs, with the leading by-product producers still holding liberal reserve stocks.

Official of railroads in the district report that losses in their business during April were due to the decreased volume of coal handled.

Automobile factories, making certain kinds of passenger cars, are behind with their deliveries.

Collections are better, says the report, the high rate of inci-

Breaks Neck When Tire Has Blowout

Lancaster, Ky., May 31—Wm. Swope, proprietor of a garage at Bryantsville, Garrard county, 29 years of age, while riding a motorcycle yesterday, was thrown from it when a tire blew out, throwing him in the air, his head striking the ground, breaking his neck.

WESTERN CITIES WANT THAT NORMAL

(By Associated Press)

Louisville, Ky., May 31—Primed with arguments, statistics and photographs of their home cities, 200 citizens of nine western Kentucky cities came here today to present reasons to the Normal School Commission why they should get the new Normal school provided for by the last general assembly. The delegations included men from many walks of life from Mayfield, Owensboro, Henderson, Paducah, Murray, Clinton, Merganfield, Princeton and Benton. The Mayfield delegation is the largest.

WHISKY CASES GO OVER TO NOVEMBER

Owing to congestion of the federal court docket at Catlettsburg, District Attorney Sawyer A. Smith was unable to get to Richmond for a special term of court this week to try the cases of Ike Miller, John McAtee, W. J. Wilson and Louis Kay, of Lexington, charged with obtaining whisky on forged permits and other violations of the prohibition laws. These cases will, therefore, not come up for trial until the regular November term of federal court.

C. Henry L. Stone on Deathbed

(By Associated Press)

Louisville, Ky., May 31—Henry L. Stone, 80, general counsel for the Louisville & Nashville railroad, and one of "Morgan's Men," is still alive at his home here today, but little hope is held for his recovery. He is suffering a complication of ailments.

and the success of the early fruit and vegetable crops helping.

Business failures in the district for April, as reported by Dun's, were 120 as compared with 175 in March, the total of April liabilities being \$2,244,444 as compared with \$2,529,841 in March.

Seven Louisville savings banks reported a total of 133,912 accounts on May 3, aggregate deposits being \$20,902,000 as compared with 133,167 accounts totalling \$20,431,000 on April 5, 1922, and 117,905 accounts totalling \$17,669,894 on May 1, 1921.

BANK ROBBERS—BEWARE
Women employed in the New York Banks are learning to shoot with rifles. Women of no mean ability. Any bank robber coming to within shooting distance—is a dead robber—for they shoot to kill. DR. ZINKE SPEAKS AT ONEIDA INSTITUTE

Former president, James A. Burns, of Oneida Institute, writing of Commencement, had this of interest:

The commencement program of Oneida Institute was, by far, the most inspiring in the history of the school. It extended over two days and nights and certainly was a "feast of fat things."

Sami Grathwell, the peptomist, delivered his famous lecture, "Getting by your Hoodoo." The large audience were held spellbound by his masterful eloquence and personality.

Dr. John Wesley Porter, pastor of the First Methodist Episcopal church, of Fort Wayne, Indiana, preached the sermon and delivered one of the addresses. In both his appearances he endeared himself afresh to our people. He has been here on several occasions, a lasting, loyal, loving friend of the institution.

Prof. Bonawitz, of Georgetown College, charmed and inspired us all by his soulful singing. Every note was a message of uplift.

Dr. Stanley G. Zinke, of Cincinnati, physician and surgeon, startled us all by the incisive profundity and logic of his address on "The Cause and Cure of the Blues." It made us all resolve to be kinder to the other fellow.

The students' play the last evening, was a real success. Several of them showed a remarkable talent.

But the thing which cheered us most was the appearance of Mrs. Sylvia Russell, our new president. As she stood on the platform and, in modest, earnest eloquence accepted the arduous task, the faces of the many mountainers lighted up with renewed courage and confidence. Her words painted before us a vision of the rainbow of promise in the dark cloud.

Our many friends will be glad to know that under Prof. L. D. Sandlin's administration beginning January first of this year, our indebtedness has been reduced from \$27,000 to \$15,000.

The sunrise of a better day is clearly in sight, and, with the continued aid of our benefactors, we shall soon be free from debt again and doing better work than ever before.

MUNCY BROS. GIVE EMPLOYEES PICNIC

Muncy Bros. entertained the entire force employed in their extensive business in Richmond and Berea at a picnic dinner and fish fry at Boonesboro, Tuesday May 30. A cottage was rented for the day. Swimming and boating were enjoyed and nothing was left undone that would add to the enjoyment of their guests.

Members of the party included E. H. Muncy and family, Mr. and Mrs. T. D. Cornelison, Mr. and Mrs. W. G. Cornelison, Hobart Templeton, Taylor Hoskins, Elizabeth Edwards, Misses Vernie Bogie, Effie Newby, Stella, Dora and Lovada York, Mr. and Mrs. Simon Muncy and family, John Muncy and family, Misses Martha and Rebecca Muncy, Miss Mildred Kennard, Charles Taylor, Denny Bowlin, Harris Christopher, Louis Flish.

HOOVER SAYS HE'LL FIX COAL PRICE

(By Associated Press)

Washington, May 31—Secretary Hoover today assumed responsibility for fixing a reasonable price on spot coal during continuation of the present coal strike. Opening the conference here today of union and non-union operators in the producing fields, Hoover declared that any agreement between the operators looking toward fixing a price on coal even though in the interest of the public, would be illegal. He, therefore, asked the individual operators to agree with him upon a reasonable price for coal in their respective districts. He said a fair price would depend upon the condition in each district and where profit offering begins and ends. He said there is no shred of law to enforce a fair price or prevent profiteering.

UNION DROPS FIRST TO EASTERN NINE

London, Ky., May 31—On orders from Judge Hiram Johnson to bring into court Frank Helton and his followers, Sheriff J. E. Stringer and a posse have spent the last two days and nights in the wilds around Rock Castle Springs. At the February term of court Helton, the alleged leader of a lawless gang, was given 13 jail sentences for contempt of court, but escaped while working on the road near London.

He has since been at large, sending messages of defiance to the court and county officers declaring he would kill any one who attempted to arrest him.

Last night Sheriff Stringer returned with Dora Reedy, Myrtle Whittaker and Hiram Wells and placed them in jail. It is said they are members of Helton's gang and had notified him of the approach of the officers.

Helton's home was raided and four heavy guns and more than 100 rounds of ammunition were brought to London. He is hiding in the Rock Castle river cliff, heavily armed.

Sheriff Stringer has returned to the vicinity of Rock Castle Springs with additional deputies armed with high powered rifles and having orders from Judge Johnson to stay till Helton is captured.

Blue Lick Wins Another

Blue Lick added another victory to her string by defeating an all star team from Berea and other points in one of the fastest games played on the lot this season. Both teams played a good brand of ball. The Hustlers had a game booked with Waco, but for some reason the team did not show up or let the Blue Lick management know about it, not only disappointing the team but about four hundred fans, as well.

Egyptian Masons Make Appeal For Jews

London, May 31—Friendly relations between Arabs and Jews are advocated in "An Appeal to the Population of Palestine," which has been distributed all over Palestine by Moslem Masonic Lodge of Egypt on the occasion of the Nebi Musa Festival.

It is addressed in the name of

Liberty, Equity and Fraternity

by the Grand National Lodge of

Egyptian Arabs to Indians and the

depositaries of the Holy Law, to

spiritual heads of all other religions, Christians, Jews, etc., without distinction of race or faith, to the whole people of Palestine,

great and small, and to men and women without distinction of nationality or religion.

It calls to all in the name of Freemasonry and humanity to remember that the Jews are "our brothers and

cousins who have been obliged to

COMMITTEE REPORTS BONUS BILL OUT

(By Associated Press)

Washington, May 31—The Senate finance committee today ordered favorably reported the McCumber soldier bonus plan by a vote of 9 to 4. The effective date of the bill, however, was changed from next October to January 1, 1923, after Senator Walsh told the majority it would require six months to get the bonus machinery in operation.

The Senate bill, as reported, would provide payment of cash to veterans whose adjusted service would not exceed \$50 and give to other veterans one of four options which include the bank loan provision, farm or home aid, vocational training and preference upon opening of any public or Indian lands.

He is also survived by one brother, William Harding, of Winchester, and two sisters, Mrs. William Moolcott and Mrs. J. A. Rash, also of Winchester, besides a number of other very close relatives.

The deceased was one of the best known preachers throughout this section. He was a graduate of Bethany College and at one time was a school teacher. He was president of the Nashville Bible College for several years and was the organizer of the Bowling Green Bible College. He was considered one of the ablest debators of the country and had met several nationally known debators and carried away a number of honors.

The funeral services according to the announcement received here, will be held at Bowling Green Wednesday afternoon at 2 o'clock in the family burying ground where his wife and two sons are interred.

REV. JAS. A. HARDING SUCCUMBS IN ATLANTA

Prominent Christian Minister, Who Married In Madison, Dies At Ripe Old Age

Relatives and friends here have received news of the death in Atlanta, Ga., of Rev. James A. Harding. He was a brother-in-law of Col. Jesse Cobb of Waco, and was a former resident of Winchester. The Sun there had this of his death:

Elder Harding was 76 years of age and had been preaching since he was about 18 years of age. He was the son of the late Elder J. W. Harding, of this city who succumbed in 1919, the oldest man in Clark county, and had preached in number of states.

He was twice married, his first wife being a Miss Knight, of Hopkinsville, and his last wife Miss Patric Cobb, of Madison county. To the first union there was one child, Leon K. Harding, of Hopkinsville. To the second marriage there were two girls and three

Keep The Knock Out Of Your Engine

Nothing causes quicker depreciation in your motor than the
hammer-like knocks caused by "pre-ignition" of heavy carbon
deposits in the combustion chambers; and the thumping and
pounding of worn wrist pins and loose crank shaft bearings. It
is hard on the nerves, as well as the car.

These knocks are but the penalty you are called upon to pay for
using too little oil in your crank case, or an oil that is low in
quality and of an incorrect "body" for that particular motor. The
use of the correct grade of Stanocola Polarine will reduce to a
minimum carbon deposits and the wear and tear of friction, and
keep out the destructive knocks. Consult the Stanocola Chart.

Ohio Farmer Declares He Was Almost Physical Wreck and Quit Work, But Tanlac Brightened His Day

"If it hadn't been for Tanlac I would have had to give up farming long ago," declared Albert Nander, R. F. D. No. 7, Springfield, Ohio.

"I don't believe a person could be in worse condition than I was and still be out of bed. My liver was out of order, I had absolutely no appetite and my stomach was so upset I couldn't eat a thing without suffering distress afterwards. While plowing I had to stop and rest at every round. I was so run down, and I had dizzy spells when everything seemed to swim around."

"I am feeling like a different man since taking Tanlac. I eat like a wood-chopper and can plow all day long. Tanlac will always get a good recommendation from me."

Tanlac is sold by all good druggists.

AT THE MOVIES

Royal Wedding and

Circus in Film

Tom Mix, the famous Fox star comes to the local theaters on Thursday in "The Rough Diamond," a picture that is an extraordinary departure from the type that he has made famous.

It is a thrillingly romantic story with Mix playing the part of a dashing gentleman adventurer, and early reports on the picture declare that Mix's versatility and power as an actor in his new role has dazzled and filled with pleasant surprise all who have seen it.

The atmosphere of the story is unusually varied and colorful, ranging from an American city to the capital of a tropical republic, with ships, a circus in full blast and a royal wedding adding flavor to the whole.

To the host of Mix admirers throughout the world it reveals him as a new genius.

"The Sting of the Lash"

"The Sting of the Lash," Pauline Frederick's new starring vehicle, produced by R-C Pictures Corporation, will be shown at local theatres Friday. It is an original story written for Miss Frederick and besides having many big moments, gives her a splendid opportunity to put her amazing versatility into effect.

A fine cast supports Miss Frederick, including Lawson Butt, Clyde Fillmore, Lionel Belmore and others.

KENTUCKY HEROES

As I sit alone and think of the past,
Think of Kentucky Heroes who gave
Their life blood to the last.
All down life's stream

Kentucky has furnished men of
Low estate and men of means,
Each in his place where God had fit,
Did so heroically his bit.

Who was it that won the Battle
of Tippecanoe?

Kentucky Heroes tried and true,
Who was it that drove the enemy
out in the cold
And left Ohio in freedom's fold?
George Rogers Clark a
Kentuckian bold.

Of what was the Lexington Light
Artillery made?

Kentucky Heroes strong and brave,
Led by Captain Nathaniel G. T. Hart,
Who from his duty would never depart,

Who marched gallantly over
France's plains,
And are numbered among the slain,
Who are sleeping beneath the
poppies red.

Kentucky Heroes who so willingly
the cannons fed.
The brave lesson they have left,
In every Kentuckian heart is felt.

And oh, the thrilling thought:
That our Kentucky Heroes so brave,
Gave life and all democracy to save,
Left mothers, wives, and sweethearts too,
And bravely sailed across the blue,
That you and I might live anew.

Then let our hearts with homage swell,
When we remember that Kentucky Heroes
did their work so well,
A tear, a thought of gratitude,
For those on Flanders Field
that dwell.

A tear, a sob for those who come
Back to us with wounds to heal,
And tell us of the awful anguish
that they feel.

To these let us extend a full heart
of love,
Knowing that God is smiling on them
from above
Help them this dream to expel,
And lift them in God's realm to dwell.

And as we bring them back one by one
And lay them to rest under
Kentucky's sun,
We know the glorious victory they
have won.
Should unite the whole world
as one.

Your garlands on their graves spread,
Ever remembering the living and the dead.
Grateful for the noble work which they
have done.

Ever remembering Kentucky and her sons,
And that for the right they fought
and won.

—(Mrs.) Emma Garrett.

Suffer Beating to Save Soul

RICHMOND IS READY
TO GREET VETERANS

Richmond, Va., June 5.—(Special)—Richmond has called for the remnants of that army which defended her for four years and by the thousands will the survivors answer the summons to be here on June 19, 20, 21 and 22. The last three days are those fixed for the welcoming and entertainment of the United Confederate Veterans at their 32d annual reunion. June 19 has been set as the date for beginning the ceremonies which will engage the attention of the Confederate Southern Memorial Association and Sons of Confederate Veterans.

Preparations are now complete for taking care of the enormous number of visitors who are expected to attend the reunion. The veterans will be made comfortable at the hotels, with friends or relatives and in private homes.

Provide Comfortable Quarters.
Upon their arrival at the railroad stations in this city, each veteran will be met by a member of the Reunion Committee, given an identification card and assigned to quarters. Previous arrangements for accommodations have not been made. However, Brigadier-General Jo Lane Stern, chairman of the Reunion Committee, urges that all visitors make their reservations before coming to Richmond, applying to the hotels or in the Information and Quarters Committee, Postoffice Box No. 685, Richmond, for quarters in private homes and boarding houses.

Reasonable cost, from \$1.25 to \$2 per day for lodging and breakfast, will prevail in private homes. Dinner and supper, with the compliments of the City of Richmond and the Commonwealth of Virginia, will be supplied Confederate veterans who desire them on June 20, 21 and 22.

Elaborate Program.

The program of exercises and entertainments probably will make this the greatest reunion in the history of the United Confederate Veterans. One of the most impressive exercises in which the veterans will take part will be the laying of the corner stone for the Matthew Fontaine Maury monument.

Addresses will be delivered by some of the South's greatest orators, there will be a great parade and review, band concerts, a Confederate ball and dozens of other features designed particularly to entertain and please the Old South's heroes.

STATE SCIENTISTS
HOLD MEETING

The Academy of Science held its annual meeting in Lexington May 20. There were twenty papers read by the members of the organization besides the president's address which was an illustrated lecture on the boleli of Kentucky. Many of these papers and all were of intense interest to certain classes. There was a general lecture in the afternoon by Dr. Gideon Wells, of Chicago, on the present status of the Cancer problem. This feature drew a large crowd from all sections of the state and was of great interest to all who heard it.

According to his investigations the cancer can not be transmitted from one person to another except through the general line of heredity according to Mendall's law. He had worked on nearly 40,000 mice, but was unable to transfer the disease from one to the other except through the general lines. Just because one or both parents die with cancer is no reason that the children should die of it. The cancer is a disease of old age and is rapidly increasing because of the fact that so many other diseases are under control that people are reaching a ripe old age in larger numbers than ever before.

The cancer is not a bacterial disease but a disease caused by the excessive growth of certain cells in the body that have received special stimulation. A hot water bottle or a warming basket of charcoal constantly carried next to the body for some months might result in the development of cancer. People who work with X-rays constantly for some time are likely to develop a cancer. All the old pioneers in X-ray work are now dead of cancer. Anything that will kill these excessive growing cells without bringing death to the body will control cancer. If applied soon enough, radium will destroy these excessive cells and will cure cancer.

There were many interesting papers read. One that struck a sympathetic chord was "The Effect of Removing Adenoids and Tonsils." Thru several years of experimental study of a number of cases the following conclusion

Mrs. Sarah Warfield Clay

Succumbs In Lexington

Mrs. Sarah Warfield Clay, aged 82 years, widow of the late Mr. Sidney G. Clay, Sr., who was a wealthy land owner of Bourbon county, died at her home in Lexington, Monday following a protracted illness due to the infirmities of age. Mrs. Clay, who was the mother of the late Hon. Sidney G. Clay, Jr., of near Paris, who represented Bourbon in the Kentucky legislature, resided for years at the Clay country estate near Escondida, where the family still own a large body of land. After the death of her husband, which occurred in 1899, Mrs. Clay and her children moved to Lexington where they have since resided. Mrs. Clay's parents were Mr. and Mrs. John Thomas Warfield, of Lexington. Mrs. Clay is survived by four children: Mrs. William V. Johnson, wife of General Johnson; Mrs. Rogers Clay of Frankfort, whose husband is Judge Clay of the Appellate court; Mrs. William

said "Charge it." At the end of his stay he had a bill of something like \$174 for golf balls.

But, oh joy, here comes a new golf ball, selling at 10 cents each! "Boy, did you say 10¢ each?" asks the down trodden golfer. "I sure did," said the salesman. "That can't be a golf ball," wagged the doubting golfer, "that's a pool ball for the college Senior nuts to fool with." "Have you tried it?" asked a bystander. "No," replied the golfer. "Well," came the reply, "I have and I am buying two dozen more." Put that in your pipe and smoke it.

So, if goes. They say the big store buyers are standing in line, calling each other names, elbowing and shoving, trying to get their orders for 10¢ balls filled by their competitors. "Fifty thousand dollars' worth sold the first month. One hundred thousand dollars' worth the second month." Whew! Wait a minute! It doesn't make any difference whether it is so or not. This merely goes to show how eager the exasperated golfer is to get back to earth in his expense for golfing.

Now comes another new golf ball to retail at 20¢ each—\$2 per dozen—with the manufacturer guaranteeing that it will not cut

even with the iron. It is said to be perfectly balanced, and will drive true, that it can be back spun or put through any tricks that any golfer can do with the regulation ball.

There is another thing about this new "Henry" that seems amazing. It is reported that a curious golfer took four or five standard golf balls, which are supposed to qualify at 1.62 for tournament play, and put them on the scale. One weighed 1.54, another 1.56 and a third 1.57. Only one reached 1.60. Not one came up to the 1.62 standard. Then a half dozen of the new make 20¢ balls were put on the scale. None of these weighed

Health the Secret of Attraction

Women of today depend a good deal upon the modern modiste and a knowledge of the cosmetic art to make them attractive. Too often there exists beneath it all a suffering woman whose nervous laugh or forced smile covers a pang of agony caused by some feminine ill. To such a woman Lydia E. Pinkham's Vegetable compound will bring health and a happy relief from her suffering, that will make her far more attractive than costly gowns and cosmetics.

For nearly fifty years American women have relied upon this root and herb medicine to relieve their ailments.

Wahpeton, N. D., May 26—

Though civic pride has prompted the male population of Sacramento, Cal., to go unshaven in preparation for the "Days of '49" celebration, a goodly share of the local color promises to be provided by a retired farmer of North Dakota.

For Hans N. Langseth, 75 year old resident of this county, is going out California way to show the "boys" a beard that is a beard as he puts it. By actual measurement, his is several inches more than sixteen feet.

A score of years ago, Langseth was traveling with a side show. But the public refused to believe his beard was real. "The same old bink" they said and passed up his tent. So he went back to farming.

Langseth was born in Norway. He lived in Iowa from 1867 to 1898, and then moved to Clay county, Minnesota, where he lived two years before settling in this country. Not since he was 20 years old has Langseth shaved. Then he noticed his beard grew remarkably fast, so he decided to see what length it would attain. It's too long now for convenience, but he carries it tucked away in a sack attached to the inside of his waistcoat.

"Jes' Niggerin'"

Fishermen will enjoy this: An old darky was out for catfish in a Mississippi yawl. He landed a big one that pulled him overboard. As he crawled out spitting mud, he yelled, "What I want to know is is dis nigger fishin' or is dis catfish niggerin'?"

COLORED COLUMN

Rev. James Ballew, who has been quite sick at his home on Linden avenue, is somewhat improved. His many friends will be glad to learn.

There will be a musical and literary program given at the Baptist church Saturday at 8 o'clock by the Senior and Junior Music Clubs for the benefit of the new church. Supper served in church dining room. Come out and help.

Miss Alma T. Covington and brother, Jefferson, entertained the commencement chorus at their home on Irvine street May 28th. About 50 young people responded to the invitation. Music and games were the amusement for the evening after which a delightful ice cream was served by Mrs. Bell Trible and Mrs. Nannie Hatton, aunts of the popular hosts.

PUBLIC AUCTION Saturday, June 10, 1922

At 2 O'clock P. M.

On the premises, one mile east of Paint Lick, I will sell absolutely without reserve or by bid, the dandy little farm belonging to the heirs of George Alex Ross, deceased.

This farm will be sold in two separate tracts and then as a whole, and the sale will be confirmed the way bringing the most money.

First tract will contain about 6 acres, all good bottom land, upon which is located a good dwelling house, of four or five rooms, a good stock barn, small outbuildings, and is watered by spring branch, and a very fine salt sulphur well at kitchen door, of as fine water as you ever drank.

Second tract lies north of L. & N. railroad, being separate from Tract No. 1 by the railroad only, and containing about 28 acres. Is good quality Black Walnut land, upon which you can grow clover and tobacco and mostly is now in grass. This land adjoins the lands of W. F. Park, John Howard, Robert Lawson and is a good type land.

This is a good time, a good place, and a good home for some one who wants to live in Paint Lick High School district and to buy this small farm under the hammer, you fixing your own price, is a chance not often found.

Terms will be announced at sale

R. G. WOODS,

Agent for the Heirs of George A. Ross.
